DIA Declassification/Release Instructions on File

Dear Mr. Baird:

The Advanced Intelligence Course will be held at the Defense Intelligence School during the periods 27 February - 2 June 1967 (Class 2-67) and 11 September - 15 December 1967 (Class 1-68). An invitation is extended to you to nominate three persons, per class, to represent your agency in this 14 week course. The opportunity for senior personnel from the major contributors to the National intelligence effort to meet together in a formal school atmosphere will be, I believe, of great benefit and create a better understanding of our National intelligence effort.

The course is designed for senior officers and is, therefore, restricted to military personnel in the grade of O-5 and above and civilian personnel in the grade of GS-14 and above. In addition, all personnel attending must possess a Final TOP SECRET clearance based on a favorable BI within the last 5 years and must be certified as meeting SI and SAO standards.

Complete details regarding the actual content, methods of presentation, etc., are contained in the course Training Plan provided with this letter; additional copies will be furnished at your request. A project officer, CDR Curley, Code 11, Extension 82940, is available to brief your staff on any questions you may have or arrangements covering the program.

Names of personnel selected for attendance in Class 2-67 should be forwarded to the Registrar, Defense Intelligence School, prior to 31 January 1967. The following information should be included: name, grade, service number, (social security number for civilians) office of assignment (office address and telephone number) and statement of clearance.

It is my sincere hope that your agency will participate in the Advanced Intelligence Course. I would like to emphasize that it is a continuing educational program in which participants of all members of the intelligence community will contribute, as well as benefit.

Sincerely,

E. J. Alleo
